Questo è il mio cv: “James Carter
14 Oxford Street, London
james.carter@email.co.uk | +44 3333 333333
WORK EXPERIENCE
2022 – present | Data Scientist – FinTech Analytics Ltd, London

- Developed and deployed machine learning models for credit risk assessment using Python, Scikit-learn and XGBoost
- Built data pipelines for ingestion and transformation of large datasets with Pandas and NumPy
- Created interactive dashboards for business stakeholders using Tableau and Matplotlib
- Collaborated with engineering teams to integrate models into production via REST APIs

2020 – 2022 | Junior Data Analyst – InsightData Ltd, Manchester

- Performed exploratory data analysis and statistical modelling using Python and R
- Designed and maintained SQL queries on PostgreSQL databases for reporting purposes
- Assisted in the development of TensorFlow-based classification models

EDUCATION
2017 – 2020 | BSc Computer Science – University of Manchester
Dissertation: "Predictive modelling of financial time series using LSTM neural networks"
TECHNICAL SKILLS
Languages: Python, R, SQL
Libraries & Frameworks: TensorFlow, Scikit-learn, Pandas, NumPy, XGBoost
Visualisation: Tableau, Matplotlib, Seaborn
Tools: Git, Docker, Jupyter Notebook, PostgreSQL
LANGUAGES
English: native
Italian: intermediate (B2)
